CALEDONIA COUNTY, 88. DUDLEY P. HALL VS. SOLOMON ANDREWS, RO-DOLPHUS WALKER, JOHN TYLER and CUMMINGS WHITCOMB. Suit in chancery at St Johnsbury, in said county, on the The Bill states that on the 27th March, 1854, the parties plaintif & defendant were partners and corporators by the name of the Island Pond Lumber Company, the said Hall, Andrews and Walker each owning one-fourth part of said stock, and said Tyler and Whitcomb owning the other fourth; and to close up the concern, said detendants represented to the pin, that the debts of said company were twenty three thousand five hundred & fifty-eight dollars and sixty cents, only aside from debts to Chas. Cummings and E. & T. Fairi anks & Co., which they also represented

that they had so settied as they should do, that the same would be no further debts of said Company, and chose the plaintiff to settle the same, which trust he accepted and undertook the performance thereof upon the faith of said representations being true and of said Company's furnishing tunds to the amount of said indebtedness, he con ribu-ting his portion thereor: which said defendants assumed to do by cash in part an 1 in promissory notes to the amount of said indebtedness, and also of one thousand dollars more to complete mill and tressle work, inclusive of the plainbif of defendants as valid and available was one dated March 27, 1554, payable two years after date to the order of Solomon Andrews for three thousand dollars, with interest, purporting to be for value received and signed Tobias Lord. On receipt of which funds and notes as valid and available and commensurate with said demands plaintiff on said 27th March by his sealed obligation assumed to pay the debts of said company on which the detendants were holden on said company's account believing said representations to be true as to amount and that said notes were holden on said company's account beneving said representations to be true as to amount and that said notes were valid and available, when in fact said last named note of the said Toblas Lord for three thousand dollars was invalid, of no value and not paid, having been given by mistake. And upon settlem int, said debts of said companies and available satinated amount. mistake. And upon settlement, said debts of said company far exceeded said estimated amount, said excess being about thirty five hundred dollars, to supply which deficiency he was put to great trouble and expense and had to pay the same out of his private funds and his own resources of all which defendants were duly notified and promised pit to pay same, which is not paid, and that by reason of said false repsesentation and mistakes, said con tract so entered in to by the said Hall, to pay said company debts was inequitable and unjust and praying to be relieved therefrom by reason of said misrepresentations and mistakes and that defendants be decreed to account with the said Hall for all payments and expenditures soon as may be in the Caledonian CHARLES S. FISK & HATCH. 38 Wall Street, NEW YORK. THE peculiar taint or infection which ve call Schortla lurks in the constitutions of nultitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherem that fluid becomes incompetent to sustain

the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits. the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tulercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, cruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With

feeble, foul, or corrupted blood, you cannot love health; with that "life of the flesh" healthy, you cannot have scrofulous disease, Ayer's Sarsaparilla is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores,

Erysipelas, Rose or St. Anthony's Fire.

Salt Rheum, Scald Head, Coughs from

tuberculous deposits in the lungs, White

Swellings, Debility, Dropsy, Neuralgia,

Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is farnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relict. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results then are healthy constitutions. Hence it tonds to shorten, and does greatly shorten, the average duration of human life. The vast in portance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSARARHAA, aithough it is composed of nogn dients, some of which exceed the best of Sec-perilla in alterative power. By its and you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of ciscase, and vigorous health will follow. By its peculiar virtues this remody stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out

on any part of it. We know the public have been deceived by many compounds of Sarsaparille, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effeetual than any other which has ever been

AYER'S CHERRY PECTORAL, Coughs, Colds, Incipient Con-

of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
